## Lampi Is Honored In National Book

Bandmaster Robert O. Lampi, director of the Pahokee High School Band, will be featured, together with nine other high school music directors in the State, on the Florida dedication page in the 1958 edition of First Chair of America, the national yearbook for outstanding high school bands, orchestra and choruses, which annually honors those students and directors throughout the nation whose accomplishments in the field of music deserve national recognition.

This is the first year state dedication pages honoring directors are being included in the yearbook. State-wide surveys were made to select those directors who will be featured on the Florida dedication page.

The other nine directors who will be honored, in addition to Mr. Lampi, are John Heney, Deland; Otto Kraushaar, Miami; Carlton Mason, Quincy; Everett Robert, St. Petersburg; Paul Gustaf, Sebring; Oliver Hobbs, Tallahassee; Roy Wood, Winter Haven; Howard Swyers, West Palm Beach, and Edwin Cook, Coral Gables.

For the past several years Mr. Lampi has served as secretary-treasurer of the Florida Bandmasters Association. The Pahokee High School Band, since it was organized by Mr. Lampi 18 years ago, has been one of the top bands in its class in the State. It has an average personnel of between 50 and 60 musicians and for the last three consecutive years has won all-superior ratings in State Band Contests. The PHS Band will also be featured in the 1958 edition of First Chair of America, the second consecutive year it has been accorded this honor.

## Turkey Classic Is Scheduled Tonite

A continuous downpour between seven and eight o'clock Wednesday night was cause for postponing the annual Turkey Day eve classic between Pahokee Devils and Belle Glade Golden Rams. The game was to have been played on the Belle Glade field starting at 8:15 p. m. Enthusiastic fans swooped down on the ticket stand at regular time for purchase of tickets only to be informed that the game had been postponed until Friday night.

Principal Frank Hobson and Principal Brooks Henderson got their heads together after sundown and when the rains continued they decided that postponement of the annual grid tilt was the sensible thing. Their decision met with popular approval because of the splendid ceremonies always scheduled for the Belle Glade-Pahokee game. Extra half time shows are usually put on by each of the bands and following the final whistle the Bill Young Memorial Trophy is presented to the winning team.

Tonight at 8:15 the teams will meet in their annual battle and it goes without saying that the stands will be full for the usual outstanding display of foot ball prowess by both schools.

## Brownie Troop Hears Scouting Talk

Members of the newly organized Pahokee Brownie Troop 247, made up of second grade girls from the Elementary School with Mrs. Helen Jean Boynton and Mrs. Margaret Wilkinson, leaders, were initiated into Scouting in an impressive investiture ceremony at the home of Mrs. Wilkinson.

A talk on "What Scouting Means" was given by Mrs. Ralph Johnson, Girl Scout neighborhood chairman.

A program, including the group singing of Scout songs, the presentation of colors and other troop activities, was presented by the Brownies, honoring their mothers who were guests. Refreshments were served.

Mothers present were Mrs. Mabella Brower, Mrs. Helen Gheraty, Mrs. Myrtice Hunter, Mrs. Ethel Johnson, Mrs. Dorothy Shackford, Mrs. Jenny Todd, Mrs. Doris Sims and Mrs. Ruby Vandegriff.

## Pahokee Council In Routine Meeting

The Pahokee City Council in regular session Monday night voted to make immediate payment to the Pahokee Chamber of Commerce of the \$1,000 set up in the current city budget to help meet the cost of the new colored brochures publicizing Pahokee which were prepared and printed by the chamber. Loren Meredith, president pro tem, presided at the meeting in the absence of President John C. Hatton. Councilman Edgar Wilder was also absent.

The need for hard-surfacing the lake side of the levee at Pahokee Harbor was discussed and Mayor F. S. Parrish was asked to work with the Junior Chamber of Commerce in the drafting of preliminary plans to get this project started.

The 1957 city tax roll, assessed valuation of property totaling \$5,100,000 after homesteaded exemption were deducted, was submitted by City Clerk Fatsy Batchelor and adopted by the Council.

A request by Charlie Jenkins for time extension in the tearing down of a building in colored town that has been condemned by the city was denied.

It was reported that modified plans for rest rooms at Pahokee (continued on page 8)

## Father-Son Meet For Lions Dec. 9

Plans for a father-son banquet in the Community Building on Monday evening, Dec. 9, were made by the Canal Point Lions Club at the regular dinner meeting this week with President J. W. Repper presiding.

Carl Crawford reported two Canal Point children are in need of eye glasses to correct their vision and the club voted to purchase these glasses.

President Repper called upon chairman of standing committees for reports of club activities during the past month.

A film on the operations of the U. S. Postoffice Department was shown by Osceola Upthegrove, Canal Point postmaster.

## Rep. Roberts Head New Migrant Group

State Representative Emmett S. Roberts of Belle Glade was appointed chairman of an Inter-Agency Migrant Committee named by Governor LeRoy Collins Wednesday.

STATE REP. ROBERTS  
Belle Glade

nesday, Rep. Roberts is closely identified with migrant labor, living in Belle Glade and being managing director of the Belle Glade Housing Authority which operates two migrant labor camps there.

Collins said the committee will coordinate the efforts of all state agencies which deal with the many aspects of the migrant labor problem.

Agencies which will appoint representatives to the committee include the Railroad Commission, Hotel Commission, Department of Agriculture, Department of Education, Industrial Commission, Board of Health, Welfare Department and Public Safety Department.

Collins said he has long been concerned about the problem of the migrant laborer and his family which is increasing nationwide and particularly in Florida because of the state's seasonal crops.

## Joint Meeting Is Coming Up Tuesday For Lions, Rotarians

Dr. Thomas G. Dickson was received as a new member of the Pahokee Rotary Club at the Thursday luncheon meeting. Dr. Dickson, a graduate of Pahokee High School and the University of Florida, recently received a doctor's degree in veterinary medicine from Alabama Polytechnic Institute, Auburn, Ala. and opened an office on Bacon Point at Pahokee. The ceremony welcoming him into Rotary International was conducted by Paul Rardin, past president of the club.

Plans were made to join the Pahokee Lions Club at a luncheon in the Community Building at Canal Point on Tuesday, Dec. 3, when Congressman Paul Rogers will address the two clubs.

Charles G. Willis, program chairman, introduced Kenneth Williamson, Wayne Unwin and Lamar Williams who presented a musical program featuring stringed instruments.

## State Road 9 Will Be Located Soon

The county commission learned this week that it will probably be mid-January before a location for proposed State Road 9 can be confirmed.

Commission Chairman Kenneth Foster said a conference with State Road Department officials has been set for early December at which time efforts will be made to pin point a route for the road. Following that meeting, Foster said, a public hearing will be held on the route, after which the proposed location will be submitted to Federal road authorities for their study.

After Federal agencies have completed their studies, Foster said, the proposed route comes back to the State Road Department for final approval. Various steps in the selection of a route is expected to take about six weeks, the chairman reported.

## Brown's Farm Road Bid Is Received

Brinson - Allen - Construction Company of Tampa was apparent low bidder Tuesday on rebuilding Brown's Farm road which runs from SR80 at Six Mile Bend toward Brown's Farm for a distance of 4.6 miles. The amount of the low bid was \$58,476.25, according to County Commissioner Paul Rardin who made arrangements for the rebuilding of the road in this year's SRD budget.

Commissioner Rardin said that efforts have been made by him and the entire county commission to have this stretch of road rebuilt for the past three years and only Tuesday did their efforts culminate in success.

"The road carries thousands and thousands of crates of vegetables each season to the Belle Glade packing center and I'm happy that the State Road Department has finally acceded to our request for its rebuilding," said Rardin in commenting upon the low bid received in Tallahassee Tuesday.

## Memorial To Be Held By Elks Lodge

The Pahokee BPOE Lodge 1638 will conduct its annual memorial service, commemorating the demise of lodge members, in the Elks Hall on East Main Street Sunday, Dec. 1, starting at 3:30 p. m., according to R. O. Lampi, chairman of the committee in charge.

The memorial address will be delivered by the Rev. Joan Clarence Petrie of Clewiston, Episcopal minister, a former resident of Pahokee. A vocal trio, composed of the Misses Anita Cowart, Ann Rita Burns and Valerie Geiger, will sing two numbers, accompanied at the piano by Miss Glenda Faye Russon.

## REVIVAL SERVICES

A series of revival services is being held by the Rev. E. L. Raley of Bonifay at the Church of God of Prophecy on East Main St. The services begin each evening at 7:30 p. m. The Rev. Raley will be the guest of his son-in-law and daughter, the Rev. and Mrs. J. H. Kinard, during his stay in Pahokee.

## McClure Donates Kitchen To Church

Members of the Pahokee First Methodist Church at a quarterly conference held in the church auditorium with Dr. H. W. Blackburn, district superintendent, presiding elected J. V. Thomas and O. B. McClure delegates to attend the conference of the West Palm Beach District of Methodist Churches at Vero Beach. James W. Vann and Dr. Richard C. Lane were named reserve delegates. Robert J. Schroeder, lay leader, Mrs. E. A. Jensen president of the Woman's Society of Christian Service, and the Rev. Wayne Owens, pastor, will also be entitled to represent the church as delegates to the conference.

It was reported a total of \$70,492 has been collected to date on the fund being raised to meet the cost of the church's new educational building. The construction costs on the U-shaped one-story structure which surrounds the church sanctuary on three sides have been paid for as the work progressed. The building is now complete except for finishing the interior of the small chapel on the east side and stuccoing the exterior of the entire concrete block building. Furnishings for the various rooms in the building have also been completed except for the social hall and the chapel.

Donation of equipment for a modern kitchen for the social hall by O. B. McClure was announced. M. P. Holman, treasurer, reported all benevolences pledged by the church for the first six months of the current fiscal year have been paid.

## Tillis Low Bidder East Lake School

Palm Beach county school board received bids last Friday on a four room addition to East Lake School in Pahokee. Willey Tillis, Pahokee contractor, was low bidder on the job. Bids were as follows:

Willey Tillis	\$54,838.00
Bert Roemer	58,500.00
Blanton & Unwin	59,982.00
J. Palmer	63,900.00

Roemer Construction Company of Belle Glade was low bidder recently when bids were accepted on construction of a new gymnasium in Pahokee. His bid was in the amount of \$143,000. Work is planned to be started soon.

## County Attorney To Jacksonville Meet

County Attorney Harry Johnston will join several other county attorneys and representatives of the State Association of County Commissioners at a conference in Jacksonville next week. Purpose of the meeting, which has been called by the State Auditor, is to review the work which has been done in preparing a manual for county commissioners—a publication which has been in the work for the past eight years.

A huge stone in the shape of Florida forms the top of a banquet table at Coral Castle, 25 miles south of Miami on U. S. 1.

## Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

Two weeks ago when the County Commission opened bids on insurance for its voting machines, five agents submitted exact bids—the lowest of a score of bids submitted.

This week County Attorney Harry Johnston said he had worked out a plan with the five low bidders whereby one agency would write the insurance and split the commission with the other agents. The commission approved the action.

Johnston, in making his report to the board, noted that bids on the insurance ranged from a low of \$1,111.15 for three years to more than \$13,000 for the same period.

In another action on bids, the county commission approved a contract for Edwin J. Giles Construction Co. for building a new county Welcome Station at Jupiter at a price of \$14,569.

In other actions the board:

Received word that the Central and South Florida Flood Control board will remove a bridge on Prosperity Farms Road on C-17 and that a new span will be built.

Approved the use of Lake Ida Park for a water ski tournament in January.

Agreed to cooperate with the Fish and Wildlife service on construction of Lee Road into the game refuge area.

Instructed the county engineer to survey traffic on Barwick Road and to make a recommendation on a speed limit.

Decided to confer with State Rep. Emmett Roberts on reconstruction of State Road 80 between Six Mile Bend and South Bay.

Approved plats of Royal Palm Civic and Shopping Center in Boca Raton and Point Manalapan at Manalapan.

## Cinematic Chatter

By Malcolm Millar

Hello everybody! "Legs are something a man hides under a pair of pants but they are a girl's best end." Many a Hollywood star has prescribed this formula, including Marlene "Legs" Dietrich, Jane Wyman, Betty Grable, Marilyn Monroe and Jane Mansfield, to name a few. Latest to join this select group is a glamorous five-foot-five inch, 120 pound bundle of loveliness, with shimmering auburn hair and melting brown eyes, who goes by the name of Angie Dickinson. Comparatively new to Hollywood, where a pioneer resident has been described as someone who dropped in three weeks ago on the Super-Chief and set up housekeeping in a stucco hacienda overlooking the El Rancho Motel, Angie has the kind of legs that brought on the Bikini and set the female figure ahead three hundred years. What Jai is to Alai, the nickle or dime to a parking meter, and Lucy to Desi, legs are to Angie. Angie was born in Kulm in a calm. This is notable in itself for Kulm is in North Dakota where a calm is as rare as a frost bite on the Amazon. In a strange moment when Kulm was not engulfed in blizzards, dust storms, tornados or cloudbursts, Angie arrived and immediately flexed the legs which were to win motion picture fame, by kicking the doctor in the pincenez. She came to California at the age of fourteen, went to High School in Los Angeles and later took a secretarial course at Glendale College. Entering and winning a beauty contest on a local TV station, Angie went on to triumph in the NBC TVenus Contest which led to the Jimmy Durante show. See you at the movies—Mal.

## Screwworm Program Headquarters Set Up At Sebring Air Base

SEBRING — The screwworm eradication program, a cooperative undertaking by the Florida Livestock Board and the United States Department of Agriculture, has established headquarters at the Sebring Air Base, Sebring, Florida.

A hangar at the former Hendricks Field will be remodeled to meet the extensive space requirements of an assembly-line plant designed to produce 50 million sterile screwworm flies per week when the program reaches peak production in the summer of 1958.

Plans for the completely mechanized plant are still in formative stages. Nearly all operations will be automatic, synchronized with the life cycle of the screwworm. Special facilities are being designed to carry the insects through every stage of development from the eggs of laboratory brood stock to adult flies.

The insects will be made sexually sterile by exposure in the pupal stage to radioactive cobalt-60. They retain no radioactivity, however, and are not a source of radiation to persons or livestock. The flies will be released from airplanes in large numbers to mate with wild flies and begin a population decline that is expected to result in complete extermination of screwworms in Florida and the Southeast. Confidence in this result is based on previous experience on the Caribbean Island of Curacao, where screwworm was eradicated in 1954.

The program will be directed by Dr. T. H. Applewhite, United States Department of Agriculture Veterinarian in Charge in Florida, and Dr. C. L. Campbell, State Veterinarian.

## Water Sports Play Big Part In State Recreation Plan

The Central and Southern Florida Flood Control District is cooperating with the Florida Development Commission, the Game and Fresh Water Fish Commission, the Board of Parks and Historic Memorials, and the State Road Department to develop the recreational potential in the 17 county Flood Control District, according to the executive director of the agency Bolivar F. Hyde, Jr.

Areas for fishing, camping and other forms of recreational use are being blueprinted District-wide. Some of the areas are in the Upper St. Johns River region, the Kissimmee River watershed and in three conservation areas of the Flood Control District in southern Florida. Coordinated by the Development Commission, the plans call for mapping of natural features such as hammocks, wooded areas, game and bird refuges and fishing spots, by

the Game Commission and state park areas by the Park Board. The Road Department will set policy for road-side parks and map access roads to recreation areas, and the Flood Control District will continue to be responsible for water levels and water conservation features of the plan. FCD vice chairman David G. Click, Clewiston, and board member Clarence L. Thacker, Kissimmee, are members of the joint committee working with the Development Commission to implement the program.

The significance of recreation to the State of Florida becomes apparent when it is noted that recreational water use is the largest industry in Florida and yields the greatest total income according to a report of the Florida Wildlife Federation. Statistics gathered in connection with Florida's Water Resources Study Commission survey reveal that this income is \$1,000,000,000 per year as compared to the annual citrus industry income of \$385,500,000, the power industry of \$175,000,000, and pulp and paper industry of \$255,000,000.

The Game and Fresh Water Fish Commission has found that \$121,514,000 is expended annually for fresh water fishing with licenses

issued to approximately 330,000 fishermen. Besides fishing, recreational use of fresh water is reflected in incomes from airboats of \$1,036,000; water fowl hunting, \$1,500,000; water skiing, \$429,000; frog hunting, \$1,362,000 and the boat industry, \$728,000. There is a capital investment of \$3,500,000 in fish camps on lakes and streams of Florida.

## Azalea Festival Again At Palatka

PALATKA — The Palatka Jaycees will sponsor the 12th annual Azalea Festival in the Ravine Gardens here during the weekend of Feb. 22-23.

The Hon. Doyle E. Conner, speaker of the Florida House of Representatives, has consented to act as one of the judges for the beauty contest to be held Sunday afternoon, Feb. 23, and MacGregor Smith, Chairman of the Board of the Florida Power and Light Co. will be an honored guest.

A survey by Libbey-Owens-Ford Glass Co. revealed women want a kitchen which is large enough to accommodate a breakfast table.

## Pick your savings target and shoot straight for it!

**A** home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series F Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

## Easter Star Holds Banquet Honoring High Officials

Pahokee Chapter 184 and Belle Glade Chapter 197, Order of Eastern Star, entertained jointly at the Woman's Club building in Pahokee with a banquet honoring Mrs. Margaret Chapman of Sarasota, worthy grand matron of the Grand Chapter of Florida, and Robert W. Sanford, worthy grand patron, Thursday evening of last week prior to the official visit of the worthy grand matron to the two chapters.

The autumn motif, following in table and hall decorations for the event, made liberal use of crotons and other colorful leaves and featured at the guest table a huge tray bearing two cornucopias overflowing with Glades-grown fruits and vegetables.

On the program Mrs. Ruth Carpenter and Mrs. Mattie Lou Keen gave readings and a quartet from the Belle Glade Assembly, Order of Rainbow for Girls, sang several numbers. Members of the Church of God of Prophecy were in charge of preparing and serving the turkey dinner.

Immediately following the banquet the entire group went to the Community Building at Canal Point where business meetings were conducted by Mrs. Rachel Harrington, worthy matron of the Pahokee Chapter, and Mrs. Agnes Baker, worthy matron of the Belle Glade Chapter, and Mrs. Chapman paid her official visits to the chapters. Mrs. Edna Maxson of Canal Point and Miss Frances Layfield of Belle Glade were initiated into the Order.

The autumnal motif was also used here in the decorations with the Thanksgiving season suggested by a bountiful display of pumpkins, squash, dried ears of corn and many other kinds of vegetables

and fruits covering a large table. The walls were banked with palms and crotons, while arrangements of yellow and bronze pompons were placed at the East and the West.

Grand officers introduced included Mrs. Frances Kelping, past grand matron; Joe Cherry of Belle Glade and O. W. Lewis of Fort Pierce, past grand patrons; Mrs. Freda McEwen of West Palm Beach, associate grand matron; Mrs. Frances Gray, associate grand conductress; Mrs. Annie Sanford of Tampa, past grand chaplain; Mrs. Estelle Louis of Fort Pierce, past grand organist; Mrs. Martha Freeman of Belle Glade, grand instructor for District 18; Mrs. Edith Clay, instructor of District 29; Mrs. Jennie McKinstry, representative to West Virginia; Mrs. Essie Robinson, representative to the State of Washington, and Mrs. Grace Sanford, representative to Puerto Rico.

Dudley Dunlop, oceanographer on the staff of the Marine Laboratory of the University of Miami, will be one of five American scientists on an Antarctic expedition planned by the Argentine government.

## Dairy Men Select Incoming Officers

New officers for the Dairy Herd Improvement Association in South Florida are as follows:

President: Judson Minear, Penwood Farms, Jupiter; Vice President: William Bixby, Bixby's Dairy, Clewiston; Secretary: Kent Price, Assistant County Agent, Palm Beach County; Treasurer: J. W. Strickland, ASC County Office Manager, West Palm Beach.

The South Florida DHIA showed an increase in the average production per cow of 916 pounds milk and 36 pounds butterfat for the year ended September 30, 1957, compared to the previous year. This is an average of 106 gallons more milk produce by each cow for the year and represents more income and more efficient production. The entire association averaged 7433 pounds milk, 4-1 percent test, and 302 pounds butterfat. Culling, replacement with higher producing cows, better feeding and management all contributed to the higher average production.

Make your dream house come true! It's easy  
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds. Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity.

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

\* \* \*

If you want your interest as current income, ask your bank about Series H Bonds, which pay interest annually by Treasury check.

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000

How spiritual understanding of God, divine Mind, gives man dominion over fear, sorrow, and bondage of every kind, will be brought out at Christian Science services Sunday.  
"Ancient and Modern Necromancy, alias Mesmerism" will be the subject of the Lesson-Sermon. Selections to be read from the Bible include the following from I Chronicles (29:11): "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty: for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all."  
From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (103:25): "The truths of immortal Mind sustain man, and they annihilate the fables of mortal mind, whose flimsy and gaudy pretensions, like silly months, singe their own wings and fall into dust."

### BPW Club Hold District Meeting

Business and Professional Women's Clubs of South Florida from Miami to Jupiter were represented at the B&PWC District Eight meeting in Pahokee Sunday with a registration of 143 members, a record attendance.

The principal speaker was Mrs. Dorothy Patterson of St. Augustine, State third vice president, who spoke on "Women in Business and Finance." Also present were Mrs. Edna Van Acker of Miami, chairman of the Southeastern Regional District, and Mrs. Clark of Orlando, director of District Six. The theme of the meeting was "Know America by Knowing Your Own Area First. The luncheon at noon in the Elks Club featured barbecued chicken ribs and Glades-grown vegetables. Mrs. Alma Farrow, Mrs. Doris Sasser and Mrs. Ethel Johnson were on the committee in charge of program and luncheon arrangements.

Following the meeting Mrs. Allie Okie, president of the Pahokee Club, and Mrs. Sasser were hostesses to State and district officers on a Lake Okeechobee sight-seeing cruise in Mrs. Okie's cabin cruiser.

### Cancer Info To Become Available

A cancer information center is now open at the Pahokee Civic Building every Friday from 1:30 to 3:30 p. m., according to Mrs. Lloyd Hundley, American Cancer Society director for the Pahokee district.

Members of the Pahokee Woman's Club who are assisting Mrs. Hundley in the operation of the center are Mrs. James H. Wilson, Mrs. Louis Davis, Mrs. George H. Tucker, Jr., Mrs. William Plumer, Mrs. Sam Humphreys, Mrs. John Padgett and Mrs. Claud Morgan. This group met recently with Mrs. Barbara Goodwin, ACS representative, and Mrs. Harry Boord of Riviera Beach at Mrs. Hundley's home to receive instruction for setting up and operating an ACS information center.

At the center literature pertaining to cancer will be distributed.

ed, film strips will be shown and the center's other services will be explained. Later it is planned for workers to make pads, scarves, afghans and the like at the center for the comfort of cancer patients and collections of materials to make these articles will be made at intervals.

Under present plans the information center will be open in the Civic Building on Friday on a permanent basis, according to Mrs. Hundley.

*Uncle Sam made the bonds you own  
an even better bargain!*

# Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25¢ a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid  
your interest as current income—  
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Harbor are being drawn up to confine the cost of the project within the monetary limits set up for this work in the current budget.

City Attorney Ralph O. Johnson and Streets Superintendent Marvin Cowart were named on a special committee to make arrangements for engineering data and other technicalities necessary for obtaining an easement from the County Board of Public Instruction for the land on which the proposed new sidewalk bordering the school grounds on the north side of SE First St. is to be built.

It was voted to reimburse City Attorney Johnson the \$23.50 he paid as registration fee for attending the convention of the National Municipal Lawyers Association in September.

Mrs. Ida Larrimore, city librarian, was authorized to take her vacation during the Christmas holiday season.

Waterworks Superintendent Robert J. Schroder was instructed to make arrangements to have the Christmas street lighting system

put in operation as soon as possible. Two new strings of lights are to be added to the system.

It was announced stern measures will be taken during the coming week in a "clean-up" Collection of delinquent water and garbage tax bills in order to pave the way for beginning the new billing system at the city clerk's office which will combine garbage and water charges on one bill.

## Jimmy Holman Has A Birthday Party

Mr. and Mrs. M. P. Holman entertained recently with a party for their grandson, Jimmy Holman, who was celebrating his ninth birthday anniversary. Following the playing of games in the city park a hamburger fry was enjoyed at the Holman home. Guests included members of Jimmy's Cub Scout Den and the den's Scout mothers, Mrs. W. O. Moss and Mrs. J. L. Tyson, Jr.

Mr. and Mrs. Bob Harris and son, Jet and John, spent the past week with her parents, Mr. and Mrs. D. L. Hooks, in Canal Point.

## CARD OF THANKS

The family of Selma Bowen wishes to express heartfelt appreciation to friends and neighbors for their kindnesses shown during the illness and death of our son and brother. Your expressions of sympathy and acts of kindness extended to him and his family through prayer, cards, offerings of food and beautiful flowers will always be remembered.

His mother wishes to especially thank those who gave so unselfishly of themselves to be with her and make it possible for the other members of the family to attend the burial services in Georgia.

May God's richest blessings be with each and every one of you, and if at any time we may be of service to you, please feel free to call upon us.
